

# Bundel – zonnebloem

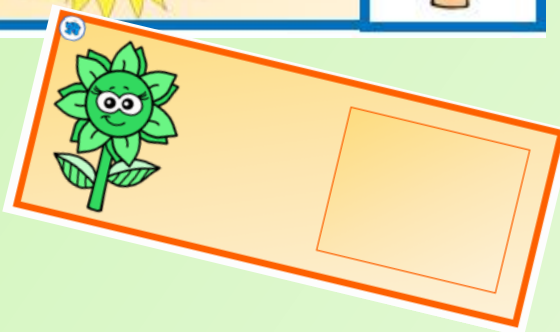

A blue rectangular card with a sunflower and six bees. To the right is a vertical column of three boxes containing the numbers 6, 7, and 8.

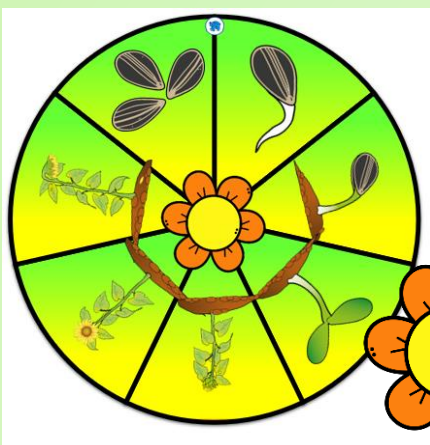

An orange rectangular card with three sunflowers. To the right is a vertical column of three boxes containing illustrations of hands showing one, two, and three fingers.

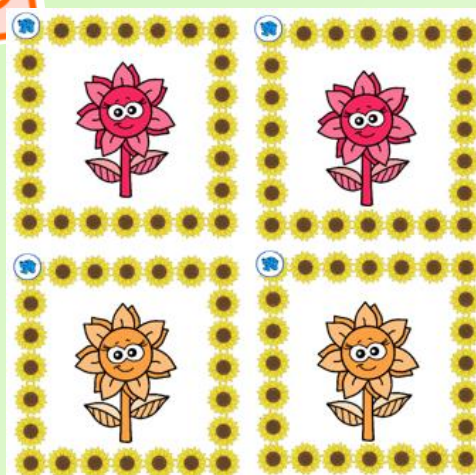

A pink rectangular card with the word "bingo" in a box at the top. Below are six boxes showing the stages of a plant's growth: a seed, a seedling, a small plant, a medium plant, a tall plant, and a fully grown plant.

An orange rectangular card with a drawing of a green plant with a smiling face and a large empty rectangular box for drawing.

A circular diagram divided into six segments, showing the stages of a plant's life cycle: seed, seedling, small plant, medium plant, tall plant, and a sunflower.

A white rectangular card with a grid of dots. There are two rows of two flowers each, with dots around them for a dot marker activity.

## Bundel – Zonnebloemen

- Printen en lamineren

Wat kan je ermee doen?

In deze bundel zitten er verschillende spelletjes rond zonnebloemen

- Levenscyclus
- Bingokaarten
- Ikea-rad
- Knijpkaarten
- Relatiekaarten

# Veel plezier!

Juf Sofie

[www.pictoschrijver.nl](http://www.pictoschrijver.nl)

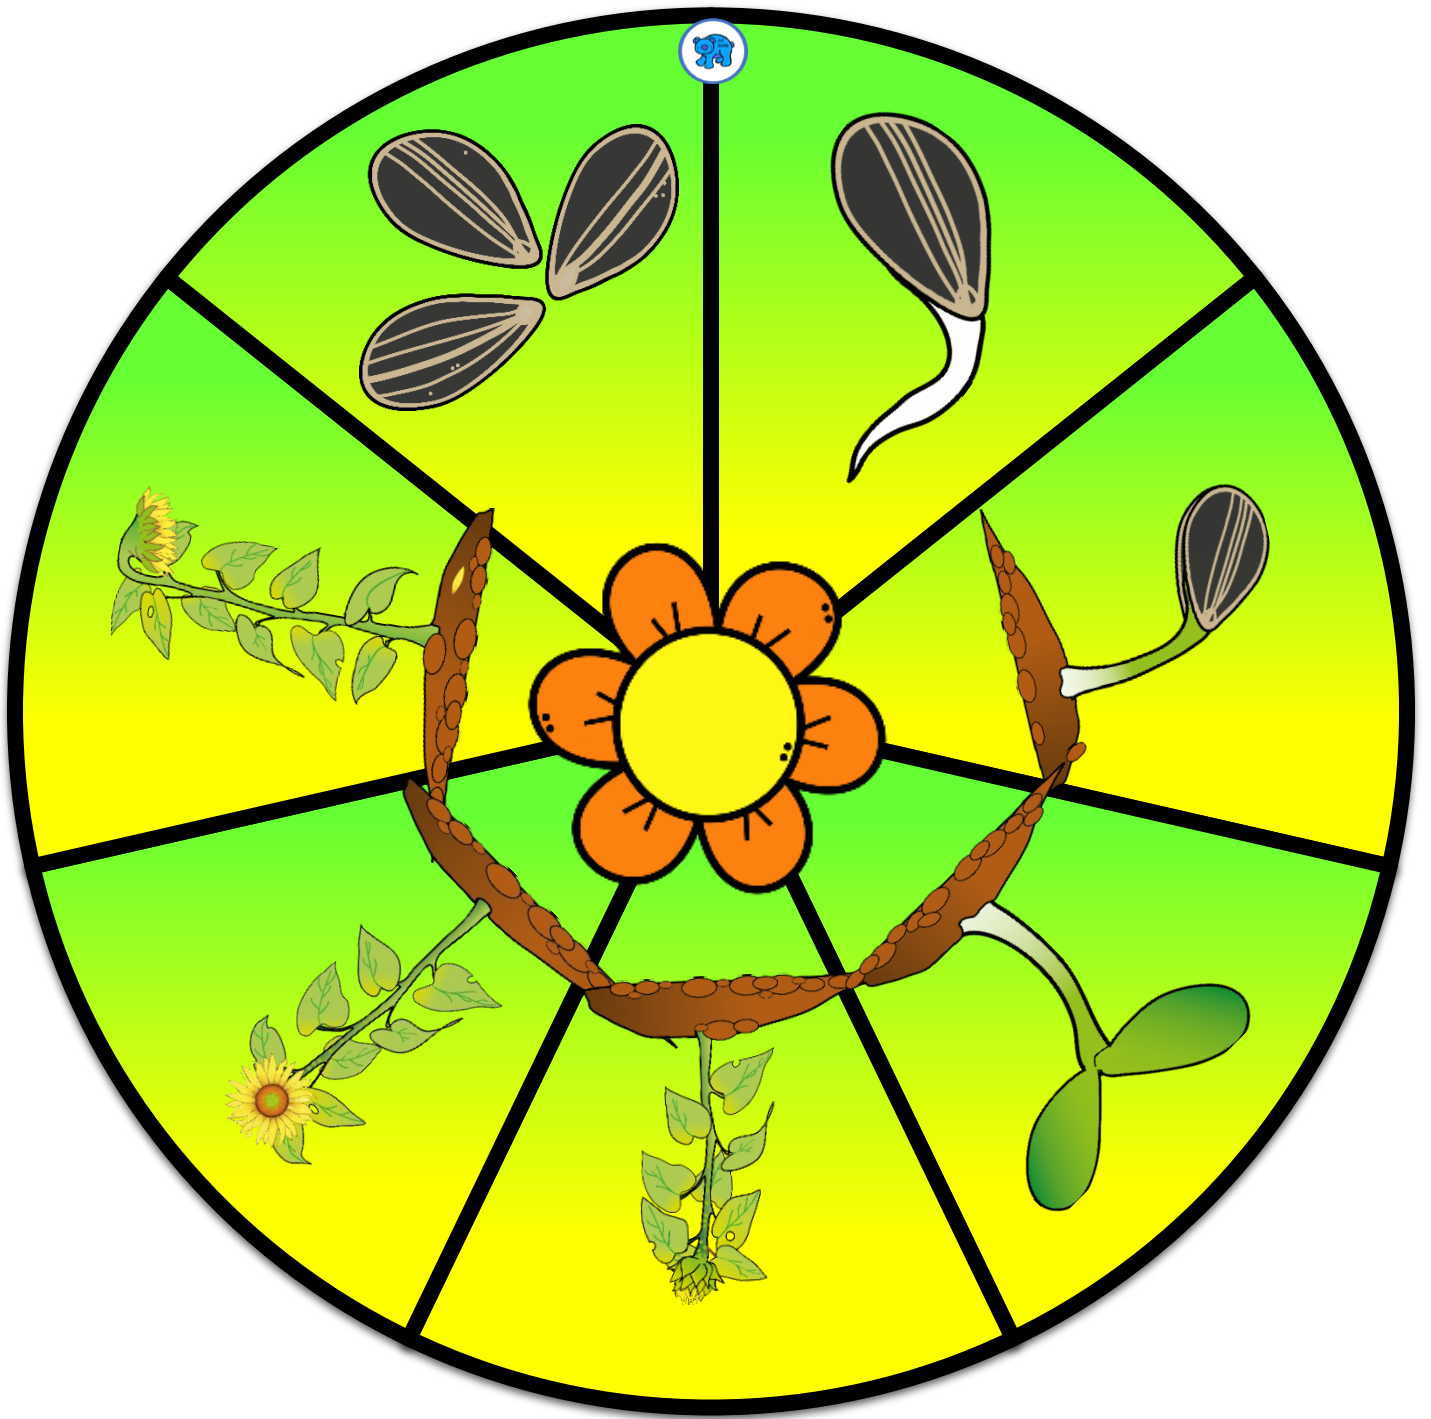

# Bingo

Een bingo in combinatie met het ikea-rad.

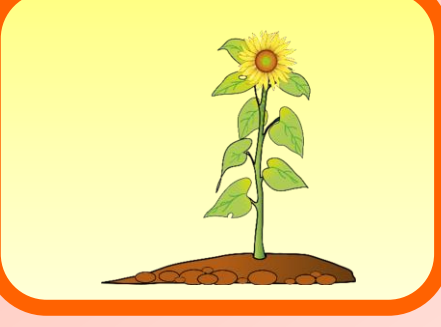

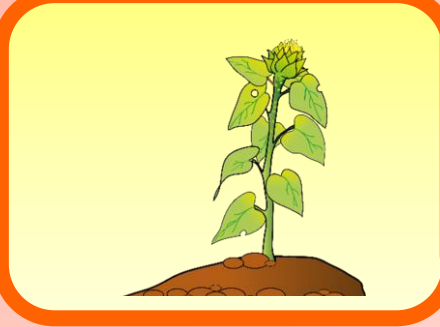

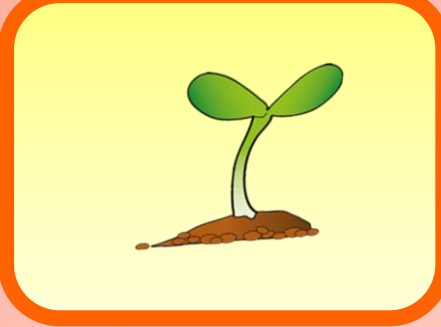

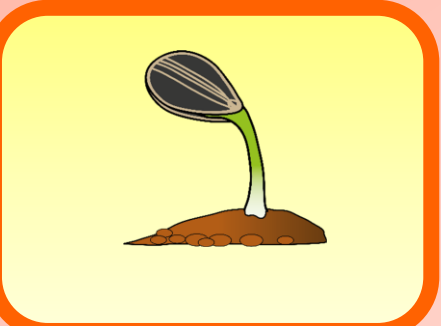

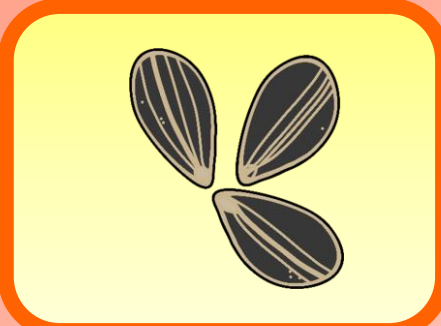

Draaien aan het rad en de prent bekijken. Heb je de prent ook op je bingokaart? Streepje erdoor.

Kaartje vol....gewonnen!

# De levenscyclus van een zonnebloem

Blad 1: de volledige levenscyclus van een zonnebloem

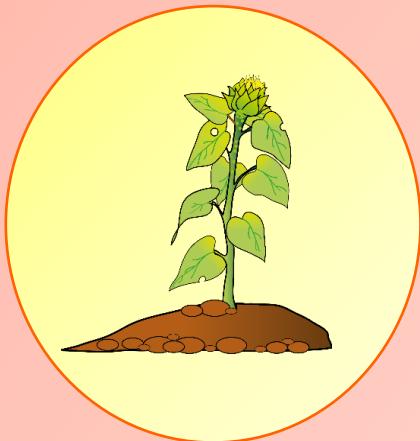

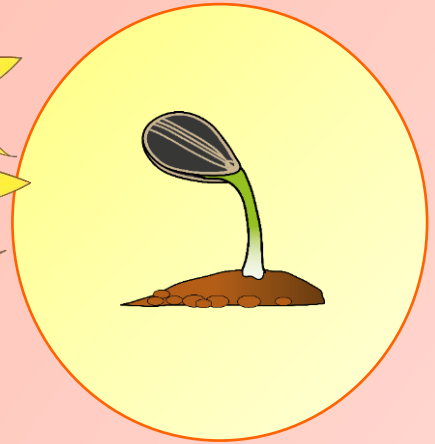

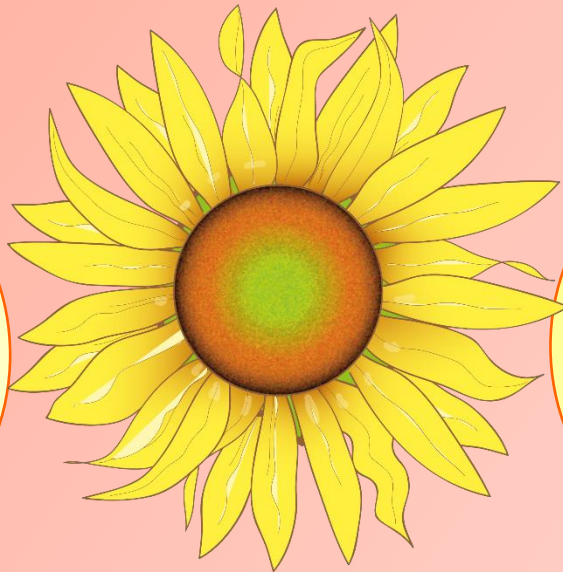

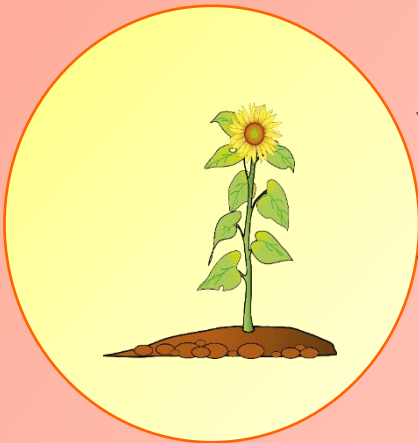

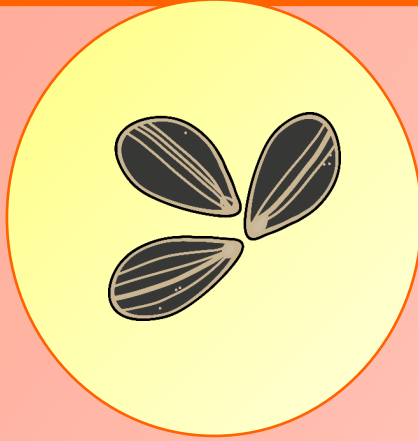

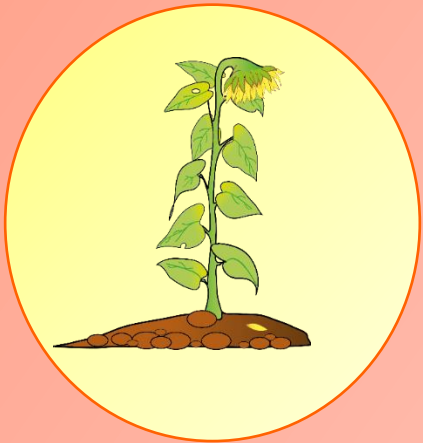

Bij de volgende bladeren (levencyclus van een zonnebloem) ontbreken er prenten.

De leerlingen zoeken de ontbrekende prenten en leggen ze op de juiste plaats.

Je kan de bladen ook combineren met het ikea- rad

## Knijpkaarten

De leerlingen tellen het aantal bijen.

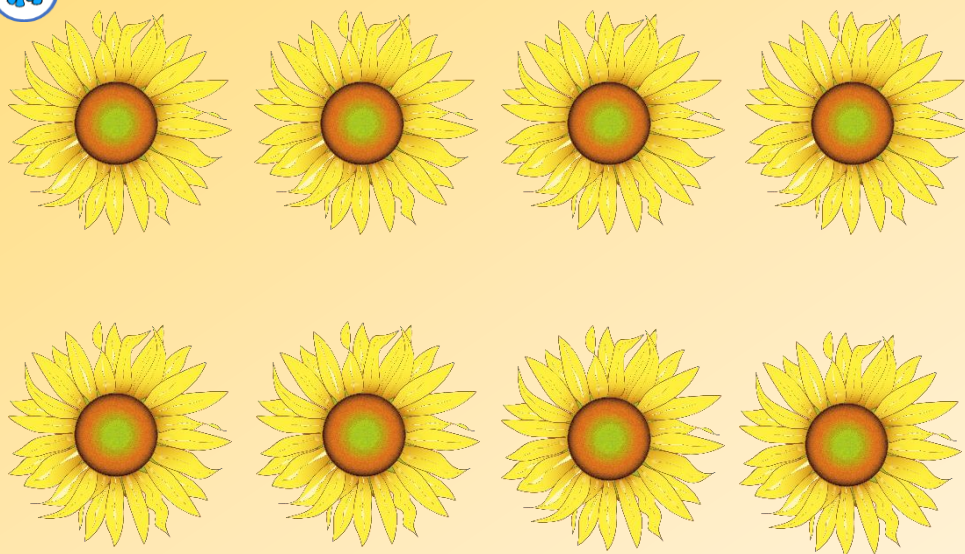

Ze knijpen er een waspknijper op .

Tip: merk de juiste oplossing aan de achterkant. Op deze manier is de opdracht zelfcorrigerend.

## Zet de juiste bij bij de zonnebloem

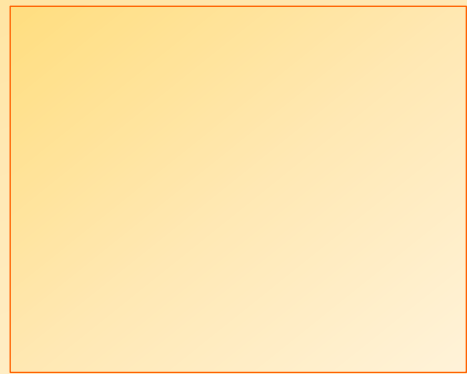

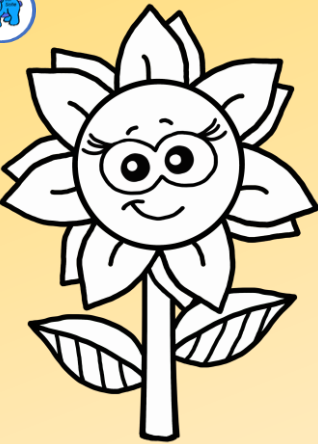

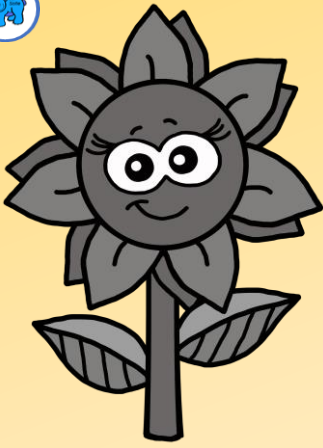

De leerlingen kijken naar de kleur van de zonnebloem op het opdrachtenkaartje.

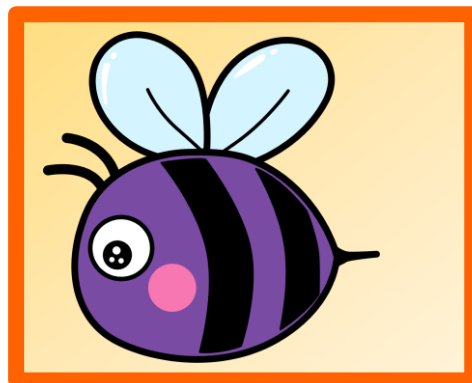

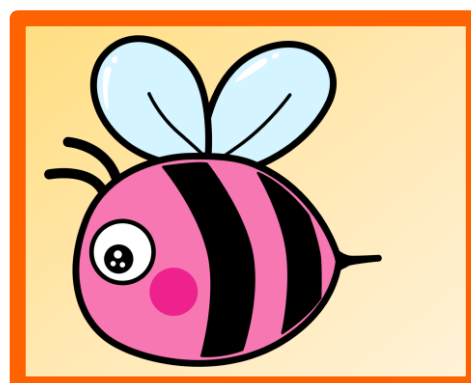

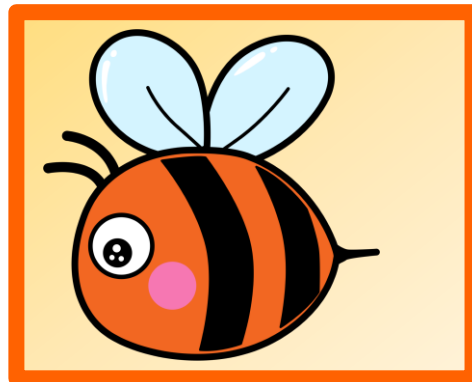

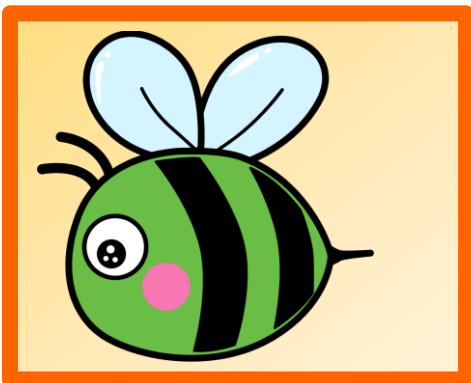

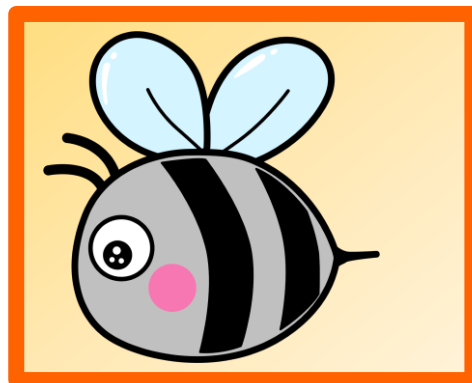

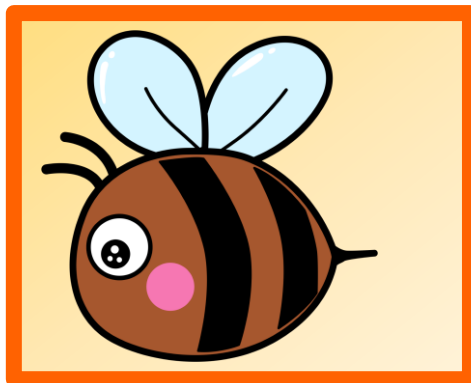

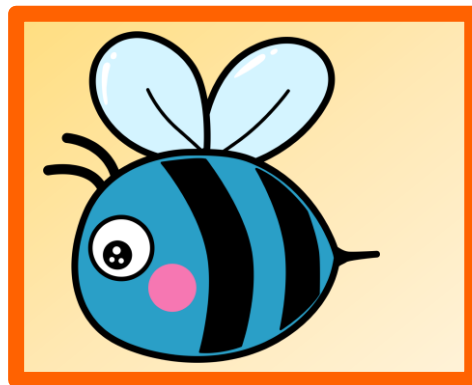

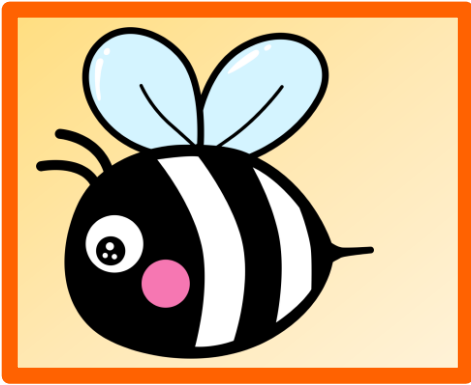

Ze plaatsen de bij met dezelfde kleur bij de zonnebloem.

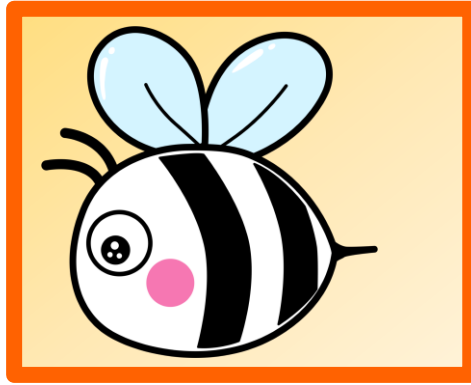

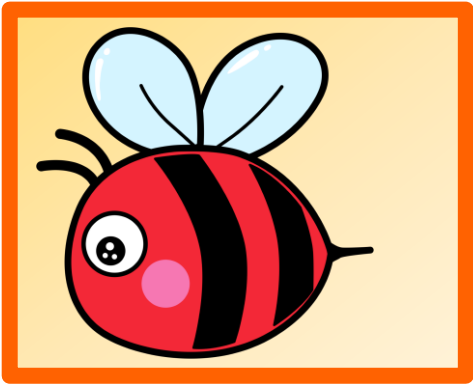

## memory

Leg de kaartjes omgekeerd op de tafel. De leerling kiest 2 kaartjes. Dezelfde? Dan mag hij ze bijhouden .

Wie het meeste kaartjes heeft die wint.
